**PDA Staff Support** 

The Board may wish to discuss and consider the current organization of PDA staff support provided to the Board. At the regularly scheduled meeting held on March 18, 2020, it was discussed that the Board would like to discuss and consider the appointment of a permanent or part-time staffed position. In order to facilitate this discussion, see the staff time break down listed below and additional items that may need to be addressed.

**Current staff support organization:** The PDA By-Laws state under **Article IV Section F. Executive Director, Legal Counsel, etc.** that "the Board of Commissioners may employ an executive director, legal counsel, technical experts, a secretary, a treasurer, and such other agents and employees, permanent and temporary, as the Board may require, and the qualifications and duties of, and compensation for all of said persons so employed shall be determined by the Board."

Currently, staff support is provided by an Executive Director, which also serves as the Board's secretary, a Treasurer/Deputy Treasurer, and general legal counsel provided by Elam & Burke. Additionally, City Engineering staff works closely with the Executive Director in reviewing reimbursement request and monitoring on-going construction.

**Current Cost:** The Board Currently reimburses the City of Pocatello for staff time on a quarterly basis. The estimated fiscal year amount is \$25,000 for staff services. To date Q1 and Q2 of FY 2020 have been reimbursed to the City in the combined amount of \$10,290.49. The Board also incurs the cost of legal counsel on specific projects or general counsel on a case-by-case basis.

Coded time for the month of March was 39.72 hours and April was 19.2 hours.

Treasurer/Deputy Treasurer – Staff time for the Treasurer/Deputy Treasurer is estimated at 5 hours per month. When the fiscal year audit is done, an additional 40 hours in total should be

accounted for.

City Engineering Staff – Staff time for engineering staff is estimated at 6-10 hours per month.

Legal Counsel – Legal Counsel is provided by Elam & Burke and time spent is on a case by case basis and billed independently.

**Additional Consideration:** Should the Board choose to appoint a permanent/part-time staff position the following items will need to be addressed:

- Salary Range for professional services
- Benefits Package Medical/Dental/retirement
- Capital Cost including Office/work space, office equipment and all associated expenses

**Summary:** The current system for staff support to the PDA is before the Board to consider. The Board may wish to direct that a job description be created and a permanent or part-time position be established to provide staff support to the PDA.

Carl,

We are requesting an extension for our first loan payment. We are requesting the first payment to be moved to January 2021. We anticipated opening in mid to late 2019, but due to unforeseen circumstances (construction delays, modifying plans due to budget, etc.) we had to open late January 2020.

Along with the other businesses in town, we had to limit our hours and offer take out only. We had twelve employees, including our manager who is also an owner. We had to lay off everyone except our chef. This was an extremely decision to make as this affects their lives.

Please let me know if you have any questions or concerns.

Thank you,

#### I. INTRODUCTION

The Pocatello Development Authority (PDA) was created by the City of Pocatello on July 14, 1988, and was granted authority by the City of Pocatello to undertake urban renewal projects which may be facilitated through the use of tax increment financing.

The PDA ensures that development efforts making use of tax increment financing dollars create both an environment of convenience and safety for neighborhood residents, and increased opportunities for businesses to succeed. This Pocatello Regional Airport Urban Renewal Plan, once implemented, will be the vehicle to provide a more conducive atmosphere for business operation at the Airport and within the City. It will also enhance opportunities for businesses wishing to relocate to Pocatello.

#### Background

The Pocatello Development Authority (PDA), in the meeting of July 21, 2010 made the following recommendation (see attachment):

- That the Pocatello Regional Airport Urban Renewal Area boundary be created to include approximately 589 acres of City land. Development of this land has been hindered by the under development or absence of the necessary infrastructure systems;
- That the Pocatello Regional Airport Revenue Allocation District boundary be created following the same boundary description and including the same land as the Urban Renewal Area boundary; and, that a plan be created detailing proposed projects for the area with revenue projections to fund the projects.

These recommendations of the PDA are consistent with the goals of the City and are allowed by the State of Idaho Urban Renewal Law (Chapter 20, Title 50, Idaho Code). Accordingly, this Pocatello Regional Airport Urban Renewal Area Improvement Plan provides direction for the use of revenue allocation financing to accomplish the following:

- To eliminate conditions of deterioration which are causing economic underdevelopment in the designated area, substantially impairing the sound growth of the Pocatello Regional Airport and Pocatello in general.
- To encourage both private and public development in the Urban Renewal Area in order to diversify and improve the local economy by providing adequate public utilities/facilities.
- To encourage cooperation among taxing districts in the Power County and Pocatello community regarding the use of funds.
- To accomplish plan goals in accordance with all appropriate federal, state, and local

#### Purpose of the Plan

The purpose of this plan is to create a proactive approach to development/redevelopment projects by the PDA in Pocatello by focusing efforts in four areas:

- 1. leveling or reducing the City's levy rate by increasing the tax base value by more aggressively engaging in redevelopment of underutilized areas;
- 2. partnering with the private sector to encourage development and to attract new or expanding businesses to the Pocatello economy;
- 3. targeting areas in need of public infrastructure improvements;
- 4. utilizing effectively the powers granted to the PDA in the pursuit of redevelopment activities. Such powers include:
  - a. carrying out urban renewal projects;
  - b. making and executing contracts and other instruments;
  - c. disseminating slum clearance and urban renewal information;
  - d. repairing streets, roads, public utilities or other facilities;
  - e. installing streets, utilities, parks, playgrounds, off-street parking facilities, public facilities, or other facilities;
  - f. entering buildings or property to make inspections, surveys, appraisals, soundings or test borings;
  - g. acquiring by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property or personal property for its administrative purposes;
  - h. holding, improving, renovating, rehabilitating, clearing or preparing for redevelopment any such property or buildings;
  - i. mortgaging, pledging, hypothecating or otherwise encumbering or disposing of any real property;
  - j. insuring or providing for the insurance of any real or personal property or operations of the municipality;
  - k. demolishing and removing structures on property;
  - I. investing urban renewal funds;
  - m. borrowing money and applying for and accepting advances, loans, grants, contributions, and any other form of financial assistance;
  - n. creating, modifying and executing plans which may include programs of voluntary compulsory repair and rehabilitation of buildings and improvements:
  - o. conducting appraisals, title searches, surveys, studies, and other plans and work necessary to prepare for the undertaking of urban renewal projects;
  - p. developing, testing, and reporting methods and techniques, and carrying out demonstrations for the prevention and elimination of slums and urban blight:
  - q. developing new or improved means of providing housing;
  - r. accepting and utilizing grants of funds from the federal government;
  - s. assisting in the relocation of persons displaced from an urban renewal area:
  - t. exercising all or any part or combination of powers herein granted.

By adopting this Plan, it is the intention of the PDA to facilitate improvements in the designated Pocatello Regional Airport Urban Renewal Area and enhance the economic viability of the area.

#### II. AIRPORT URBAN RENEWAL AREA DESCRIPTION

The Urban Renewal Area and Revenue Allocation District are identified with identical boundaries. The area is legally described in **Attachment 1**.

#### III. PROJECT PLAN

A project list is outlined below. Elements of the list will be funded on a "pay-as-you go" or on a "reimbursement to developer" basis. This list is the immediate project list for the revenues available. If additional revenues become available, other site work may be pursued or the Development Authority may expedite payment of funds in anticipation of an early closing of the district. Table 1 lists the immediate project needs with estimated costs. This plan and the Revenue Allocation provision will terminate December 31, 2033.

Table 4. provides an analysis of the total tax increment financing value within the Pocatello Regional Airport Revenue Allocation District. The base value is not added into these numbers. Therefore, the entire revenue stream shown here will be allocated to the Development Authority.

Estimated taxable values were provided by the Petersen Inc. (\$5,000,000) and Frazier (\$10,000,000); companies locating at the Airport. Petersen will occupy their building in early 2011. Frazier will occupy their building in 2013. Increment revenue was delayed one year in the schedule to reflect possible delays and when the value may actually be placed on the tax rolls of the county.

The estimated value of the building for Petersen is \$2,000,000. The estimated value of the building for Frazier is \$5,000,000. The combined \$7,000,000 building value is not depreciated for the life of the district. Equipment values are estimated at \$3,000,000 for Petersen Inc. and \$5,000,000 for Frazier. This combined total of \$8,000,000 is depreciated over the life of the district. The depreciated rate is an estimated 3% to mirror Hoku Scientific's depreciation schedule on equipment.

The total dollar amount that may be collected by the PDA over the 24-year life of the district is approximately \$5,047,574. This amount will be used to finance public improvement projects within the Pocatello Regional Airport Urban Renewal Area.

#### V. CONFORMANCE WITH STATE LAW

Redevelopment activities for the Pocatello Regional Airport Urban Renewal Area and Revenue Allocation District are governed by two applicable sections of Idaho Code: the Idaho Urban Renewal Law (Chapter 20, Title 50, Idaho Code) and the Idaho Local Economic Development Act (Chapter 29, Title 50, Idaho Code).

The Idaho Legislature passed the Urban Renewal Law in 1965. Under this law, a Mayor and Council can declare areas as deteriorating, and declare that the rehabilitation, conservation, and redevelopment of such areas is in the interest of the public's health, safety, morals or welfare (Idaho Code 50-2008). The Urban Renewal Law also states that an area of a city that "constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities..." may be designated an urban renewal area.

The Idaho Legislature passed the Local Economic Development Act in 1988. This act states: "An authorized municipality is hereby authorized and empowered to adopt, at any time, a revenue allocation financing provision, as described in this chapter, as part of an urban renewal plan...A revenue allocation financing provision may be adopted either at the time of the original adoption of an urban renewal plan or the creation by ordinance of a competitively disadvantaged border community area, or thereafter, as a modification of an urban renewal plan or the ordinance creating the competitively disadvantaged border community area." (Idaho Code 50-2904)

In addition to this, Idaho Code 50-2906 states: "The local governing body of an authorized municipality must enact an ordinance in accordance with Chapter 9, Title 50, Idaho Code, and Section 50-2008, Idaho Code. To modify an existing urban renewal plan, to add or change a revenue allocation, an authorized municipality must enact an ordinance...and conduct a public hearing." (Idaho Code 50-2906) This part of the Idaho Code specifically implies that a local municipality must enact an ordinance before redevelopment can take place.

The City of Pocatello's Pocatello Regional Airport Urban Renewal Area and Revenue Allocation District Plan proposed within this document follows the guidelines prescribed within Idaho Code for the development of Urban Renewal Areas and Revenue Allocation Districts.

#### VI. PLAN DURATION

The plan shall be in effect and enforceable for a period of time necessary to finance all designated improvements and all debt obligations which the PDA may incur in connection with such improvements, over a twenty (24) year time period (2010-2033).

#### VII. AMENDMENT PROCEDURES

The plan may be amended by the PDA after all notice and public hearing requirements as set forth in Idaho Code have been met, and upon formal approval by the Pocatello City Council.

#### VIII. SEVERABILITY

If any part of the plan is declared contrary to Idaho Code, and any provision or application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of any remaining provisions of the Plan.

#### IX. CONCLUSION

The Pocatello Regional Airport Urban Renewal Area and Revenue Allocation Districtor Plan is designed to ameliorate deteriorating conditions which are causing economic under-development of the area and substantially impairing the sound growth of Pocatello.

Implementation of the plan will provide the infrastructure capacity necessary to foster sound growth of the airport and increase the tax base and tax revenues, encourage economic stability of the community, and improve the health, safety, and welfare of the community in this area.

The Pocatello Development Authority recommends that the City cooperate and assist in carrying out the purposes of this Plan. It is expected that the City of Pocatello will assist efforts to ensure that the projects as set forth and financed under this plan are accomplished.
